ANARCHY'S BLOODY HAND HANGING OVER RUSSIA

REVOLUTIONISTS ARE READY TO STRIKE

FATE OF THE EMPIRE RESTS IN THE BALANCE AND ANY MOMENT MAY BRING NEWS OF DEADLY STRUGGLE

WARSAW, Feb. 23.—The situation here is causing the greatest anxiety to the assistant governor. When interviewed today he frankly admitted that the government was at a loss to know what to do.

Alarming reports are current concerning the intention and plans of the revolutionary party, and March 4th is awaited with much apprehension.

The strike situation is spreading in every direction and bank clerks, journalists, office servants, printers, drivers, stationery engineers and mechanics in general are all threatening to strike.

The Vienna railroad is still completely at a standstill, with no hope of a speedy settlement.

West Poland is completely cut off from all communication with middle and western Europe except by telegraph. A coal famine is imminent, as all coal comes over the Vienna railroad.

Officers Land a Bad Bunch
Ed. Murphy, Tom Walker and Pete Boulder were arrested last evening. Two of the trio were caught in a room in the Dornio lodging house. The trio is accused of having fished a drunken man named Frank Jordan, who is being held as a witness. They were engaged in their work in the Clarendon saloon when the proprietor, Policemen Cadie and Elder caught the bunch, a crude opium outfit being confiscated later when their room was searched.

Shipping Sheep to Chicago
Twenty-nine double deck cars of sheep were shipped from Lovelock yesterday to Chicago. Formerly nearly all the stock from that section was sent to San Francisco, but the present high prices in the East caused the change of destination by those shippers.

RUSSIA is now passing through the most critical point in its history. Any moment is apt to bring forth news meaning the overthrow of the despotic power now in control of the government. The revolutionists are active and only awaiting the opportunity to strike. Everything foretells a bloody struggle in which lives will be lost and on the outcome of which depends the rise or fall of the empire.

WEALTHY OCTOGENARIAN MEETS FOUL PLAY

MONTCLAIR, Feb. 23.—Following the discovery of the body of Mrs. Hanna B. Ross, a wealthy octogenarian in the ruins of her home on High street today, the police expressed the opinion that the woman had been murdered and the house fired to conceal the crime.

A German coachman, the only domestic employed by Mrs. Ross, has not been seen since the fire. A search of the ruins failed to reveal any trace of his body.

Approves President's Course

LINCOLN, Neb., Feb. 23.—The lower House of the Legislature today adopted a resolution condemning the Standard Oil Company and passed a resolution commending the legislation in Kansas and endorsing the position of President Roosevelt.

Baptist Young People Entertain

A Washington's hatchet social was given by the young people of the Baptist church last evening. Between 75 and 80 guests were present. Sparks was well represented and those fortunate enough to be present had a most enjoyable time. A musical and literary program was rendered. Games were also played and refreshments were served.

Jail Completely Filled

The city jail was filled to capacity last night. Every cell and bench in the place was filled with persons charged with all manner of crimes.

BELCHER LEAVES IT TO HIS BONDSMEN

Belcher, the tin horn gambler who was arrested at Sparks on a charge of assault with intent to kill a short time ago, and later released on bonds of \$500, has probably left the town and country.

His trial was set for yesterday and continued until today by the District Attorney. He was hunted for yesterday, but no trace of him could be found, and it is evident that his bondsmen will have to put up for him. The shooting scrape occurred over a game of cards at Sparks.

Big Building Boom

The new buildings in contemplation by several capitalists of the city will shortly be in course of erection. Architects plans are being daily received by the contractors and building activity will be on a greater scale than ever before. The building of residences will be the largest factor of the season's activity. Business buildings will not be behind, however, several mammoth houses now being in course of erection.

HIGH HEDL TO APPEAR BEFORE THE GRAND JURY

CHICAGO, Ill., Feb. 23.—Johann Hoch was today held to the grand jury without bail. The coroner's jury which investigated the death of Mrs. Marie Walker Hoch found that the deceased came to her death from the effects of arsenic poisoning and it was the belief of the jury that Hoch administered the poison.

Panama Bill Passed

WASHINGTON, D. C. Feb. 23.—The last testimony on the part of Judge Swayne was presented to the Senate today and the discussion continued from 1 o'clock to 10 o'clock p. m.

The Senate adopted an order granting each side five hours for argument. A bill providing for the government of the Panama Zone passed early in the day.

Fixed the Automobile

The Nevada Cycle & Manufacturing Company yesterday completed one of the most difficult pieces of mechanical work done in Reno in a long time. W. P. Storey, bound for Tonopah, had his automobile break down here. It was damaged on account of freezing water completely disabling the machine. Thanks to the skill of Mr. Merahon the machine was thoroughly repaired and in charge of Mr. Storey this morning.

Old Timber in Town

Thomas Keogh, one of Utah's best known citizens, arrived in Reno yesterday. Mr. Keogh is well known in Nevada, having been engaged in the cattle buying business here a few years ago. During his stay here he is the guest of his old friend, R. W. Parry.

Superintendent Jones Here

Superintendent Jones and party of the Southern Pacific Company, arrived in Reno last evening by special train from Sacramento on a tour of inspection.

ALARMING REPORTS FROM CONSTANTINOPLE

CONSTANTINOPLE, Feb. 23.—Extremely alarming reports current here concerning the situation at Batoum and Poti. It is alleged that some vessels of the Black Sea Squadron (Russian) have entered Poti.

Big Bicycle Race Tonight

The match race between Carter & McKenzie, the local riders and Boyd & Swartz of Denver, will take place tonight at the Grand theatre. On tomorrow evening Uddike & Knox will race against the Denver team. There will also be six first class vaudeville turns.

NIXON'S MAN IS STILL CONFIDENT NOW HARD AT WORK HE WILL BE ACQUITTED

MR. FARRINGTON USING HIS PERSUASIVE POWER IN AN EFFORT TO DEFEAT FELLOW SERVANTS' BILL IN THE SENATE

Special to The Journal

CARSON, Nev., Feb. 23.—The lobby is by far the most active branch of the Legislature at present. For the first time E. S. Farrington, whom rumor has it is the successor to George S. Nixon, recently promoted by the railroad to the U. S. Senatorship made his appearance in his new role of the Espee's political agent. He is here lobbying against the fellow servant bill which has just passed the House by a close vote, and will use his influence to defeat the measure in the Senate.

The railroad boys are represented by Mr. Davey of Humboldt. It is probable the measure will pass the Senate, though some of its more drastic provisions may be eliminated.

The measure to create an additional judge in the Second District is the topic of the hour among the members from Washoe and Churchill.

Senator Roff has expressed himself strongly against the proposition as has also Senator Williams of Churchill. In the House the delegation is divided and there is small chance of its passing either house.

The Senate today defeated the Initiative and Referendum.

The 22d session has gone the matter of increasing the expenses of the State affairs, by providing stenographers for every official save the Governor and Treasurer. McCann of Nye, in a very laudable desire to make the gift unanimous, has introduced a bill giving the janitor of the capitol a stenographer.

A lengthy petition, containing the names of many of the best citizens of Eastern Nevada, was read requesting the passage of the anti-gambling act introduced by Clark of Lincoln. The bill has been held in committee ever since its introduction, but there are strong probabilities that it will be forced out and to a vote within the next few days. That it will pass the House is almost a foregone conclusion.

ONE RANCHMAN KILLS ANOTHER

GRANGEVILLE, Feb. 23.—Tennyson Wright, a ranchman living near here, shot and killed today E. A. White, another ranchman, as the result of a quarrel of long standing over the ownership of some land. After committing the murder, Wright took his own life.

Body Sent to Denver

The remains of Otto P. Poole were taken to Denver last night for burial. They were accompanied by relatives of deceased and an undertaker. The interment will take place in that city Sunday.

STILL CONFIDENT HE WILL BE ACQUITTED

ADOLPH WEBER MAINTAINS BRAVADO AND EXPRESSES HOPE OF SECURING LIBERTY

AUBURN, Cal., Feb. 23.—Adolph Weber said this afternoon: "I am confident that if a new trial is granted, as I am sure it will be, I shall be acquitted. What is the general sentiment about the verdict?"

He was told that most of those who listened to the evidence, at the trial felt that prosecution had made its case and there was no surprise at the verdict of the jury, but some persons still thought him innocent.

"Well," said he, "I think I shall come out all right in another trial. There is no use despairing, and if the worst comes to the worst there is no use of worrying anyhow."

In response to a question put by a representative of the Associated Press this afternoon, Grove L. Johnson said: "Yes, we are going to make a motion for a new trial and it will be granted by the Supreme Court. We feel much encouraged by the fact that three members of jury, as we are informed, voted not guilty on the first ballot."

"In view of the excited state of public opinion and the fact that the jurors were mingling with the people, and no doubt reading the newspapers this result speaks voluminous in favor of Weber."

"If a new trial is granted we have much additional evidence which has been voluntarily reported to us that will demolish many of the points relied upon by the prosecution. We are thoroughly satisfied that a new trial will result in the acquittal of Weber to the satisfaction of all people."

NOT CONTROLLED BY ELECTRIC RAILROAD

A report has gained circulation that Dr. Reid, president of the street railway company, has an interest in the advertising on the cars. This is an error. The company has sold the advertising in the street cars to the Reno Advertising Company. This company has complete charge of the space in the cars. The officers of the company are E. L. Bingham, president; L. E. Case, vice president; F. L. White, secretary and C. E. Bingham, treasurer.

The Gray, Reid, Wright Company pay full rates for every advertisement they carry on the cars. Contracts have been signed for the same. Space on any portion of the cars can be obtained by any reputable firm or business man willing and enterprising enough to pay for the same.

ALLEGED THIEF IS DECLARED NOT GUILTY

GEORGE MORRIS, ACCUSED OF ROBBERING EXPRESS OFFICE AT TRUCKEE IS DISCHARGED FROM CUSTODY

Charged, and alleged to have confessed to robbing the strong box of Wells, Fargo & Company at Truckee several weeks ago, George Morris, a Reno young man was yesterday cleared of the crime.

His preliminary examination was held before Justice of the Peace Hill at Truckee. The prosecution was conducted by District Attorney Jones of Nevada county, while Thomas Ford represented the accused man.

When the case was called the prosecution, quietly announced that the main witness had refused to prosecute. There was nothing left for the justice than to discharge the accused man.

Every effort was made to learn the reason for this unexpected turn in the case. Young Morris refused to talk and his mother had no statement to give out.

It will be remembered that Morris was alleged to have made a complete confession of this crime. He was in Reno for several days and some time ago gave himself up to Constable Wilson. He was taken to Truckee by Constable McDougald. At that time Morris' mother promised that if the case went to trial the defense would produce some interesting testimony.

The promised sensation, however, was smothered when the main witness failed to prosecute in Truckee yesterday. Now, the people of the mountain town are asking "what caused this sudden change?"

A Pitiable Sight

Frank Page, a confirmed morphine fiend, was arrested by Officer Cadie last night. He is an old offender. Page was a pitiable sight, the ravages of the dread drug having wasted his body to a mere skeleton and dulled what feeling of manhood he might have ever possessed.

A MERITORIOUS PROPOSITION

IF, instead of saddling a useless expense on the taxpayers of this county, the delegation from Washoe would introduce an act providing for the issuance of bonds for the construction of a new bridge across Virginia street they would thereby be doing not only a worthy but a useful thing, but raising a monument to their own memories not to be forgotten during their lifetimes.

Reno is the city of destiny so far as Nevada is concerned, and Nevada is going ahead at a rate unparalleled in its history. Hundreds of people pass through here daily and scores stop over. Whatever conduces to attract the eye of the passers-by conduces to draw new blood, new money, new business and greater population to Reno.

Nothing indicates the character of a community more than its public structures. If the public structures are up to date the community is set down by the observer as a prosperous and enterprising one. If the public utilities are shabby, cheap, worn out, inadequate, inconvenient or out of date the wayfarer puts the inhabitants down as sllurians, and wanders to some more auspicious spot in which to pitch his tent.

The bridge across Virginia street was a good bridge in its day, but that day is so far past as to be almost unrecognizable to the dimming eye of the oldest inhabitant. It is a good bridge yet, for that matter, and might be utilized for another crossing—say Center street, for instance, or next the V. & T. railroad track—but on Virginia street, the leading thoroughfare of the metropolis of Nevada, it is the abomination of desolation.

The bridge to replace it should be one worthy of the town and the location. It should be of cement and should extend the entire width of the street it proposes to bridge. Architecturally it should be the best that Reno can afford.

The time is short, and if anything is to be done at this session it should be done without delay. We trust that some live and energetic member of the Washoe delegation will act on the suggestion without delay.

THE four boodling senators expelled from the California legislature are another exemplification of wise old Ben Franklin's adage that "honesty is the best policy." Machinery is expediting many things in this day of invention, but there is no short cut to riches that does not leave a threatening blade, like the sword of Damocles, hanging over the head of the man who takes it.

SENATOR CARMACK of Tennessee speaks of President Roosevelt as the foremost disciple and ablest lieutenant of William J. Bryan." Mr. Carmack was probably in a facetious mood when he uttered those words, but he would make less of a subject for jests himself if he should abandon his feeble attempts to poke fun at better and wiser men than himself.

THE Philadelphia city government, the rottenest municipal machine in Christendom, has been retained in office by the election of the Republican ticket. But that makes no difference to the various Republican organs of the country, who spend half their time in denouncing what they are pleased to term the corruption of Tammany.

THE Bulletin has discovered that Abe Ruef and the Examiner are in league. That is a dreadful thing, if true. There is only one thing in the world that could possibly be worse, and that is an alliance between Abe Ruef and the Bulletin.

THOMAS LAWSON has dumped a cartload of mud onto Jimmy Eckles. It's a case of "love's labor lost." When one says that Eckles was comptroller of the currency during Cleveland's second administration he has exhausted the vocabulary of abuse.

THE President, it is said, is bitterly disappointed at the way the Senate has treated his efforts to reform railroad rate extortion. Roosevelt is a funny man, he expects Republicans to act like Democrats.

SAN FRANCISCO is to the fore with an eight-year-old burglar. No matter what Chicago may do to get back her laurels as the toughest city in the world, San Francisco is always a little ahead of her.

MAJOR CARRINGTON has been sentenced to sixty years' imprisonment for juggling with government funds. There is no hope, ohwever, of his sentence being commuted to life.

FRANK MONETT, who was beaten for re-election as Attorney-General of Ohio through the efforts of Standard Oil, has been engaged by the people of Kansas to fight the kerosene octopus in that state. We don't know much about Mr. Monett, but if he is the kind of man we sus-

pect him to be, he will do more than earn his fee. If there ever was such a thing as a labor of love he has got one now.

THE New York clergyman who is presenting the couples he marries with a chair, a stove, a wash boiler and a side board, overlooks two of the most indispensable allies of the housewife—the flat iron and the rolling pin.

THE proposed railroad rate legislation by Congress has again been denounced. The fact that the denouncer is president of the Delaware, Lackawanna & Western railroad robs the denunciation of some of its force.

PRESIDENT HARPER has undergone a surgical operation. He ought to come out of it successfully; any man that knows so well how to get money out of John D. Rockefeller must know a while lot about anatomy.

SENATOR EMMONS has been separated from his vermiform appendix. This is the second surgical operation he has undergone in a week, the first involving the loss of his reputation.

A VERY popular sign in use in St. Petersburg just now by grand dukes on driving trips is one that reads: "Just gone above. Back in three seconds and several more pieces."

THE President still sticks to his demand for the new battleships. If this thing keeps up somebody will have to negotiate an arbitration treaty between the President and the Senate.

A SAN FRANCISCO woman has sued for a divorce on the ground that her husband has not had a bath in thirty years. Some people are hard to please.

IF one is to believe the Bulletin—a very bad thing to do—there is nothing so much resembles hell with the lid off as San Francisco with the Ruef on.

KANSAS will refine its own oil hereafter; but cheer up, Mr. Rockefeller, there are forty-four other states now, and still more under consideration.

THE imperial family of Russia was afraid to attend the funeral of Grand Duke Sergius, but the undertaker was there, all right.

HOW WILL RENO HANDLE THE EASTERN VISITORS?

WELL-KNOWN MEN STATE THEIR OPINIONS

ALL UNITE IN SAYING THAT ORGANIZATION SHOULD BE PERFECTED AT ONCE AND PREPARATION MADE AT ONCE

Considerable comment has been caused by the announcement published yesterday morning that 15,000 tickets have been sold from Chicago and St. Louis to Nevada, the first excursion train to start next Tuesday. The problem of accommodating such a number of people in Reno while they are preparing to start to the gold camps of the southern portion of the State is one that needs immediate and careful consideration.

With a view of obtaining ideas regarding the best plan, a number of merchants were interviewed yesterday. The interviews are given here-with.

Mr. Rising, the railroad company agent in this portion of the State was asked for further particulars regarding the big excursions and said: "The district passenger agent's office has a report from headquarters that it is estimated that at least 15,000 tickets have either been purchased or engaged to points on the coast. The bulk of this travel will be through Reno. Five days' stopover will be allowed on all these colonist tickets at Elko, Winnemucca, Lovelock and Reno."

"There are a number of people a matter of course, who will not include Reno or any part of Nevada in their itinerary at the time of starting but if literature was freely circulated, a large number would not doubt avail themselves of the opportunity to see Reno."

The opinion of many of Reno's well known residents follows:

MR. DOCKMAN'S PLAN

First, appoint a General Committee Second, properly canvass all hotels and rooming houses and find out exactly the number that can accommodate extra people. Request all residents to open their doors, who can spare one or more rooms, to send word to the committee. By this means have a list kept so they can be systematically apportioned to the private houses. Then see how many cots are obtainable, and, if necessary, do a they did in Buffalo; open the churches and public buildings.

If the number reported coming authentic, it behooves us to make extra efforts, even though we may discommode our household a trifle, and see that our guests have the best care we can render and above all, don't raise above the regular prices. Let them feel that our hearts are as warm as the sunshine over us and our hands open and by every act show proverbial, genuine western hospitality.—Secretary Dockman, Reno Chamber of Commerce.

LET'S GET DOWN TO WORK

If the crowd is coming let us get down to work. Decide upon a practical plan and carry it out. If 15,000 tickets have been sold for Nevada from two eastern cities, the number coming this way will be much greater. Figuring that they arrive at the rate of 500 per day, preparations must be made to accommodate them. We will do our share.—Cashier Bender of the Washoe County Bank.

FOR THE CHAMBER OF COMMERCE

The matter should be taken up by the Chamber of Commerce. Committees should be appointed, an information bureau should be established. Literature should be secured, vacant rooms should be found and if occasion arises we will find it not a hard task to accommodate all strangers.—J. H. O'Sullivan, owner of the O'Sullivan tract.

TREAT THEM WELL

What shall we do with all the people who are headed for Reno? First and last, we ought to give them a good impression of our town. This means advertising and entertainment. Sufficient funds should be placed in the hands of the Chamber of Commerce to enable it to make a creditable exhibit and to supply the visitors with needed literature.

Our firm will list free of charge 1 our office all boarding and rooming houses with proper references, also all furnished rooms that may be seen. If the people of Reno are alive to the opportunities of the next few weeks, our city will win many permanent residents and homebuilders.—J. A. Bonham & Son, real estate and insurance.

LET US WORK TOGETHER

If there will be 30,000 people start on their way to Reno next week, let us organize to accommodate them. Business men get together and map out a plan of campaign at once.—H. J. Grosse, Riverside Hotel.

NO TROUBLE TO FEED THEM

We will be able to feed them all right. The trouble will be with sleeping accommodations. I would suggest securing the big lodge halls in the city, placing cots in them and in

THERE is a possibility that Reno will not be called upon to provide extra accommodations for the visitors who are expected to begin to arrive here next week. The railroad company, however, has information that thousands of tickets for the western country have been sold and that most of the purchasers are persons headed for the gold fields of Southern Nevada. The rush starts next Tuesday. Forewarned is forearmed and it is well to be ready when the test comes.

that manner provide for the transient thousands that are expected to pass through the city. We can care for those who stop here.—Judge G. W. Shutter-Cottrell, real estate, attorney and notary public.

A GOOD PLAN

If the crowd is coming let us accommodate them. I would favor giving this detail in charge of the hotel men of Reno. If their accommodations are not sufficient, erect a big wooden building, say on the site of the proposed brick building on the corner of Second and Sierra streets.

Furnish this with clean cots and partition a portion off into rooms. Let the overflow from the hotels be housed there. The cost of a cot ready for occupancy would not be more than \$10. This would be paid for in two weeks and if the rush subsides the stock could be re-sold at a small discount. It is safe to say that 300 cots could be obtained in the furniture stores of Reno on three hours' notice; the others could be brought here within twelve hours.—J. C. Leopold, manager John Breuner Company's Reno stores.

ORGANIZE AT ONCE

Anticipating the arrival in Reno the latter part of next week of several thousand excursionists it might be well to give some consideration to the proper entertainment and housing of these guests and travelers.

Many of these people will be bound for the mining country south, but many will also take advantage of the opportunity given to investigate the resources of the Truckee Valley and business chances of Reno. It may be that men of means will see in this growing city, attractive openings for the investment of capital.

This suggests that some steps be taken to offer these people proper entertainment. A meeting of the members of the Chamber of Commerce would be in order to consider ways and means to do this. The hotels no doubt will be taxed and accommodations outside may be required. Those having rooms in private homes should send notice of same, giving number of rooms, whether with or without board and price of accommodations to the Chamber of Commerce and to the Journal office.—F. J. Peck & Co., real estate and insurance.

AN INFORMATION BUREAU

The business men should get together, agree upon some definite plan, appoint a committee and get to work without delay to accommodate the people who will be here according to the railroad reports. Establish an information bureau, have representatives at the trains to meet the visitors and see to it that the strangers are properly housed.—William Cann, druggist.

RENO WILL MAKE GOOD

Reno will be well able to care for every one of the big crowds expected here.—Frank Golden, capitalist.

HE WILL HELP

In the first place, I am skeptical as to whether such a number of visitors will be here. However, if they do come it would be well to organize and prepare to handle them in some manner. Let those interested profit by the experiences of the White Pine and Virginia rushes in the early days. I'll help.—John Sunderland, merchant.

WILL INCREASE CAPACITY

If the demand for accommodations is made, I can more than double the present sleeping capacity of my house. We will supply 200 more beds if necessary and I believe the other houses can do the same.—Al. North, proprietor Hotel Golden.

GIVE THE STATE A CHANCE

Our bank will co-operate in any good movement tending to solve this important problem. Steps should be taken at once to prepare for this unexpected rush. Let it be so that the entire State and not Reno in particular will receive the full benefit.—Cashier Harris, of the Farmers & Merchants National Bank.

LET THE PEOPLE ORGANIZE

Those who have the interests of this city and county at heart should meet and determine on some definite plan of action, which should be taken immediately, to handle the influx so that the entire State will be given an opportunity to show its advantages to the strangers and new home builders who are about to visit us.—Cashier Scheeline, of the Bank of Nevada.

BLAMES THE RAILROAD

If 30,000 people are about to be shipped from different points of the country I think it's a shame to the management of the railroads. Nevadans should have been given an opportunity to attend to this vast number of people. However, depend upon it, Reno will do her share.—H. J. Darling, Nevada Hardware & Supply Company.

HE WILL CO-OPERATE

I will co-operate with the other business men of Reno in assisting to solve the problem of caring for the crowds the railroad company announces as coming through Reno beginning next week.—Sol Levy, merchant.

COL. HOPKINS HELPED

I believe I helped to some extent in

turning the tide toward old Nevada. We will accommodate all who come, but above all let us treat them like our own people when they do arrive.—Col. J. W. Hopkins.

NO FEAR OF A CRUSH

Though our place is now crowded every night and though we are often compelled to turn patrons away, I think we will handle the crowd. I can provide accommodations for more than twice the number now stopping here if necessary. I think some definite plan of action should be decided upon at once.—C. J. Sadleir, proprietor Overland Hotel.

BALLOON IS FULL ENOUGH

There is such a thing as filling a balloon beyond capacity. I think Nevada's balloon is now comfortably filled and she can sail without danger. If 30,000 people are about to start Renowards, the railroad companies have made a mistake in not giving us proper notice. We are on the up grade; let's not overdo it. If they come, be sure I'll be there doing my part in helping accommodate them.—S. J. Hodgkinson, pharmacist.

Corbett and Nelson Ready

SAN FRANCISCO, Cal., Feb. 23.—"Young Corbett" and "Battling" Nelson have finished their training and will do only enough work to keep them in the pink of condition until the gong calls them into the arena tonight.

Reports from the training quarters at San Rafael are to the effect that Corbett is in the best possible shape and ready to put up the fight of his life. Gossip about the Nelson camp is of an equally rosy hue, the little Dane telling all visitors that he is confident of winning in easier fashion than he did when he last met the man from Denver.

The near approach of the date, together with the general belief that it will be the last big fight the Golden Gate city will witness in many moons, has served to intensify the public interest and the club expects the big pavilion to be filled with a crowd of record-breaking size.

Jewish Historical Society to Meet CINCINNATI, O., Feb. 23.—Elaborate plans are being made for the reception and entertainment of the distinguished visitors who will be in Cincinnati next week to attend the annual meeting of the American Jewish Historical society.

Much local interest is manifested in the meeting as it is the first in the thirteen years' of the existence of the society to be held west of the Alleghenies.

Dr. Cyrus Alder will preside over the sessions and the participants will include eminent Jewish scholars of Baltimore, Philadelphia, Pittsburgh, Chicago, Boston and a number of other cities throughout the country.

Good Bouts Promised

DETROIT, Mich., Feb. 23.—Some good bouts are promised tonight at the opening boxing show of the Detroit Wheelmen's club. The headline event will bring together Harry Cobb and Charley Coffey in a 10-round bout. A number of promising fighters of Detroit and vicinity will be seen in the preliminaries.

A CIVIL SUIT IN THE JUSTICE COURT

Civil suit was brought in the Justice Court yesterday by P. Milich, through his attorneys, Pike and Jones, against F. Vonetti for the sum of \$299.50. Milich and Vonetti have been doing business together for two or three years, but in the settlement for last year they disagreed, hence the suit.

The original claim is for more than \$300 but enough was remitted of the bill in order that suit could be brought in the Justice Court.

The case was heard a part of yesterday afternoon and continued until today when it will be finished. Harrison & Hummel are attorneys for the defendant.

ITCH—RINGWORM.

E. T. Lucas, Wingo, Ky., writes April 25th, 1902: "For ten to twelve years I had been afflicted with a malady known as the itch. The itching was most unbearable; I had tried for years to find relief, having tried all remedies I could hear of, besides a number of doctors. I wish to state that one single application of Ballard's Snow Liniment cured me completely and permanently. Since then I have used the liniment on two separate occasions for ring worm and it cured it completely. 25c, 50c and \$1.00 a bottle. Sold by T. R. Cheatham, druggist."

A HAPPY EVENT LAST EVENING

J. R. Stoney of Goldfield Weds
Miss Ora May Gill, a Young
Lady of This City

In the presence of about twenty intimate friends and relatives J. R. Stoney, a business man of Goldfield and Miss Ora May Gill, one of Reno's well known young women, were married last evening. The ceremony was performed by Judge Nash. It took place at the home of the bride's parents at 8 o'clock. The Gill home at 320 North Virginia street had been tastefully decorated for the occasion. Pink and white were the prevailing colors. Merrill's orchestra furnished music for the occasion. John Sharkey was best man, while Miss Maud Gill was bridesmaid.

When the solemn ceremony was concluded a wedding supper was served. Mr. Stoney came to Nevada from Los Angeles some time ago. As a business man in Goldfield he has met with success and in addition to being successful from a business point of view, is popular and well known in the southern country.

The bride is a daughter of Mr. and Mrs. W. J. Gill of this city. She was born and raised in Reno, is a charming and accomplished young lady whose hosts of friends know she will prove a gem in the life of the fortunate young man who has claimed her as his bride.

Mr. and Mrs. Stoney will remain here for several days after which they will leave for Goldfield to make their home.

Returns to San Francisco

FIGHT FOR AN INDIAN'S LOVE

Squaw Rightfully Protests
Against Rival's Attention
To Her Husband.

The officers were called to the Indian camp in the southern portion of town last night to quell a fight. Indian Johnnie was the cause of it. He was paying attention to a squaw. His wife protested against this and finally was attacked by her rival, who used a knife. The woman was not seriously injured. Johnnie and the woman who did the cutting were arrested by Officers Berry and Cadle and are now in jail.

AN INDIAN MAIDEN AFOUL OF THE LAW

Miss Mollie Myers, an Indian maiden a few years on the southern side of her teens, and a police record that would do credit to a China gin artist, was picked up on Mill street last evening by Officer Trembly. Mollie was joyfully loaded and could not restrain her feelings. Despite her condition she made an effort to soothe the policeman's ruffled feelings. It was in vain. The only way Mr. Trembly could induce the young lady to go to jail was to promise to protect her. He consented and now Mollie is in jail.

SUMMONS

In the Second Judicial District Court of the State of Nevada, in and for Washoe county.

The State of Nevada sends to Margaret McDonald, greeting:
You are hereby required to appear in an action commenced against you as defendant by J. P. McDonald as plaintiff in the Second Judicial District Court of the State of Nevada, in and for the County of Washoe, and answer the complaint therein within ten days after the service on you of this Summons (exclusive of the day of service), if served in said county, or twenty days if served out of said county, unless forty days; or judgment by default will be taken against you according to the prayer of said complaint. The action is brought to recover a judgment and decree of this court that the marriage existing between plaintiff and defendant be dissolved, and a divorce decreed. The grounds on which such judgment and decree are claimed are that you, defendant, have disregarded the solemnity of your marriage vows, and on the 27th day of July 1903, did wilfully desert and abandon plaintiff and plaintiff's home and have wilfully ever since said date continued to desert, abandon and keep away from said plaintiff, and have lived separate and apart from said plaintiff, who is your lawful husband; and that such desertion and abandonment has existed for more than a year last past and preceding the filing of this complaint.

And for a further order and decree awarding to the plaintiff herein the custody of the two minor children of the issue of said marriage.

All of which will more fully appear from the complaint, which is on file in the office of the Clerk of said court, at Reno, in said county, and to which you are specially referred. And you are notified that if you fail to appear and answer said complaint, the said plaintiff will apply to the Court for the relief demanded.

In testimony whereof, I have hereunto set my hand and affixed the seal of said court, at Reno, this 20th day of September A. D. 1904.

W. A. FOGG, Clerk of the Second Judicial District Court of the State of Nevada, in and for Washoe County. f17w3

Dick Forest, charged with assault with intent to kill was tried in the District Court yesterday. The case was submitted to the jury during the afternoon and after a brief deliberation the defendant was found guilty as charged. He will be sentenced Saturday morning at 10 o'clock. The maximum penalty for his offense is fourteen years in the penitentiary.

On or about the 23d of last September it is claimed that Forest shot at Policemen Berry and Cadle. He was arrested at the time and placed in jail and held to await the action of the grand jury. The delay in trying Forest was on account of the grand jury not being called.

The witnesses for the State were Officers Berry and Cadle and Don Ward, T. A. Henderson, W. R. Verley, T. H. Mansfield and John Nesbet. The defendant had no witnesses, although he was ably defended by Attorneys Hummel and Hartson.

Among other things brought out at the trial of the case by District Attorney Craig was the fact that Forest had served a two-year term in the Montana penitentiary. The facts in the case, however, showed much evidence of the guilt of the defendant. The jury is as follows:

B. F. Howard, Harry Heldtman, H. Hawcroft, Chas. Kyle, I. N. Bakeless, E. Wilkerson, J. F. Lane, J. P. Jewell, L. D. Smith, A. D. Clute, Charles Cooper and M. Yenner.

Forest might have been convicted on either the charge of assault with intent to kill, or assault with intent to do bodily harm," said District Attorney Craig last evening in speaking of the case. "The maximum punishment for the former is fourteen years in State's Prison and the latter five years."

LOVE FOR RENO LEADS HIM TO COUNTY JAIL

Frank Anderson was given sixty days in Judge Nash's court yesterday for vagrancy.

Anderson was arrested by the officers February 8th on the charge of vagrancy and brought before the judge at that time and tried. He was given a fender as he made strong talk about having relatives, friends and a bank account in some large eastern city and requested permission of his honor to go on his way. Judge Nash thought the talk was good and sent Anderson away rejoicing. He didn't move very far, however, or else his rich relatives didn't give him a cordial welcome. He likes Reno and returned to the city of kind hearted judges again. This time Judge Nash was inclined to help fat-tender Anderson up for a long summer campaign and the commonwealth will feed him for sixty days.

Agent Burke Says Wells-Fargo Is
in Field to Express Goods
to Mining Camps

J. J. Burke, Reno agent for Wells-
Fargo & Company, yesterday announced
that this office, as well as any other
office of the company, is prepared to
receive goods of any description
consigned to the mining cities in the
southern portion of Nevada.

Because of the fact that a laundry-
man in Tonopah could not get his
plant shipped through at once by ex-
press, the report gained currency that
the company would not receive any
heavy freight. Mr. Burke's state-
ment disproves this. Mining ma-
chinery, as much as a carload or more
at a time is now being sent in and
will be delivered as long as the com-
pany can receive goods for shipment.
Strange as it may seem the rate is
but slightly in excess of that charged
by the railroad companies. The em-
bargo placed upon freight by the rail-
road company therefore means a bo-
nanza for the express company, for
thousands of tons of important freight
now awaits shipment to the gold
camps.

A SONG-WRITER MAY
LOCATE IN THIS CITY

F. W. H. Wallace, the old song
writer, is in Reno. He is here from
New York. Mr. Wallace will perhaps
be better known as Frank Howard. He
is author of some of the most popular
songs of the day. "Fanny Blossoms,"
"Two Little Urchins," "Sweet Clover,"
"I Love to Think of You," and "My
Dear Old Southern Home," are among
his former works. "Call Me Back
Again," is his latest effort. This song
is now being sung throughout the
East and is meeting with a hearty
reception.

Mr. Wallace attended the Wheel-
men masquerade ball Wednesday night
and won the spectators' prize. Mr.
Wallace is not compelled to write
songs now. He is here to see the
country, and is so much pleased with
the Sagebrush State that he intends to
make this city his home. He is now
negotiating for a piece of property
near Reno.

Dr. Bergstein's Quarters.
During his stay in this city Dr.
Bergstein will be found at room 48,
McCormack Building. Those wishing
to see him will find him there during
regular office hours.

WILL BE TAKEN
TO COLORADO

Body of Thomas Goodrich in
Charge of Widow Passes
Through the City.

The body of Thomas Goodrich, in
charge of the widow and the three
orphaned children, was received in
Reno last evening. It is being taken
back to Denver for interment. The
Western Ore Purchasing Company, of
which deceased was one of the trusted
employees, is directing the arrange-
ments for the funeral, bearing all ex-
penses. The body was transferred
here and continued east last evening.
Mr. Guzzi, who was injured in the
accident is now at Carson. His con-
dition is critical and the outcome of
his injuries cannot be determined.
Later details show that Mr. Good-
rich was engaged in trying to prevent
the big belt in the mill at Mound House
from slipping. He used a board and
in doing so slipped, being pulled into
the massive pulley and his life crushed
out. So great was the force that a six-
ply eighteen-inch belt was snapped
in two, the ends practically ruining the
building. It was in this wreckage that
Guzzi was caught.

Mary Jane Anderson died yester-
day in this city of Bright's disease,
aged 22 years.

conda and the daughter of James P.

her death. Her parents are at present
in Reno, but the other members of
the family are in the eastern part
of the State and no arrangements will
be made for the funeral until their
arrival. Reinhard & Company have
charge of the remains.

Deceased was a student at one time
of the University and also of a busi-
ness college at San Francisco and un-
til quite recently had enjoyed the best
of health.
